BASEBALL AND DRILL

The Boy and Girl Scouts baseball game takes place at the Airdome tonight.

NYE COUNTY MEN CALLED FOR DRAFT

Following is a list of registrants to be inducted May 10, 1918, for Fort McDowell, Cal.:

James Kerns, Tonopah, Nev.; Archie Albert Proben, San Francisco, Cal.; James McDonald, Death Valley, Cal.; Thomas James Hyland, Manhattan, Nev.

EARTH STILL TREMBLES

(By Associated Press) LOS ANGELES, May 1.—Three earthquakes were felt last night throughout the interior of southern California, and one in western Arizona. Plate glass windows were broken and merchandise was jarred from shelves in Calexico. Elsewhere there was no damage, although many suffered from fright, fearing repetition of the damage done by earthquakes that visited Hemet and San Jacinto April 21.

WOMEN WILL HARVEST

(By Associated Press) LOS ANGELES, May 1.—Fifteen young women, comprising the first unit organized by the Women's National Farm and Garden association, left for Elsinore to harvest the tomato crop. Other units are being formed for work where there is a shortage of farm labor.

ORGANIZED SEAMEN SAY MEN SCARCE

(By Associated Press) WASHINGTON, May 1.—Spoken men or organized seamen predict a great shortage of sailors for the growing American merchant marine at a joint conference yesterday of the shipping board, shipowners and union officials. The board was told that the army draft was taking seamen and that "intolerable" conditions aboard American vessels checked the recruiting of new men. The result of the meeting was the unanimous adoption of a resolution authorizing the appointment of a committee of five to investigate the situation and present a request to President Wilson for such remedial action as may seem necessary. Exact information will be sought as to the war department's draft rulings and the regulations governing the treatment of men aboard ship, and consideration will be given proposals for registering seamen and seeking the release of those already drafted.

Appointment of the committee was left to Robert F. Bass, former governor of New Hampshire, who is serving the shipping board as a labor expert. Smoldering bitterness, arising from the dealings of union leaders with draft boards cropped out frequently during the conference and led to clashes between Victor Clander, of the Lake Seamen's union; Andrew Purusheth, president of the International Seamen's union and Captain Francis H. Robinson, representing the army transport service.

After one of these clashes, Mr. Clander said: "It should be understood that we are not pleading for exemption for the sake of the sailor. We ask what we ask only for the benefit of the country. This is a national problem of great seriousness and we approach it only in that spirit."

Henry A. Griffin of New York, president of the Marine Corps and Stewards' association, said the war department had not lived up to its agreement with merchant sailors sailing on transports through the war zone. Other speakers said there had been an understanding with the quartermaster-general at that time. Major-General Sharpe, that commercial conditions should prevail as to the feeding of the seamen but that instead they had not been given food of that quality. There was complaint also that red tape had delayed the payment of the \$100 indemnity promised to sailors of torpedoed vessels to compensate for the loss of their effects. The men are afraid to go aboard quartermaster transports, asserted W. L. Cartledge, of New York, representing the Union of Marine Cooks. The treatment is awful; men jalled, their pay taken up in fines, ordered around by drygoods clerks.

HOOVER EXPLAINS THE HIGH PRICE OF FLOUR

(By Associated Press) NEW YORK, May 1.—Mr. Hoover spoke at a conference of 100 representative American grain dealers and officials of the food administration's grain division, called to discuss grain exports and regulation of cereal consumption in this country. Asserting that when flour went to \$16.50 a barrel at the mill door last May and resulting hardships dislocated our entire economic life, Mr. Hoover said he did not accuse the grain trade of having been responsible for the situation but rather blamed the fact that the allies had to have wheat and were prepared to pay any price for it.

"A series of speculations sprang up that were deplorable beyond words," he said, "but only a microscopic portion of this speculation was of deliberate or vicious nature. There was no concerted manipulation. There was a total disturbance to the law of supply and demand."

PONTIFF WILL ISSUE NEW PLEA FOR PEACE

(By Associated Press) THE HAGUE, May 1.—The pope intends to issue a new peace offer May 15, according to Cologne newspapers. It is reported to be of a more pressing nature than formerly and will contain concrete offers of mediation by the pope with the possible co-operation of neutral sovereigns. Similar information reached Berlin where it was received sympathetically, it is reported.

NOTICE

The parties who took rails and tools from Gold Hill Nevada Gold Mining company at Lone Mountain are requested to return same as both are now needed by the company. 1127advM116

HAYDEN FUNERAL TO TAKE PLACE FRIDAY

The body of Charles Hayden, who died Sunday in this city, was shipped on this morning's train, accompanied by his brother, Fred, to Battle Mountain, where interment will be made beside the remains of his father. The funeral will take place Friday.

His mother, Mrs. Nora Hayden, accompanied by her daughters, Mrs. F. B. Rolland and Mrs. Otto Kattenborn, and Mr. Kattenborn, and sons, Fred, Nelson and William, arrived by auto yesterday afternoon from Austin. It had been the intention of the family to hold the funeral here, but after a consultation it was decided to ship the body to Battle Mountain. Another sister, Mrs. Albert Kattenborn, will arrive from San Francisco tonight and accompany the remains from Hazen to Battle Mountain. A number of friends were at the depot this morning to express their sympathy. The deceased was very popular with the people of Tonopah.

HANNA PLEADS GUILTY

Bert Hanna, better known as "the singing kid," who is charged with grand larceny, in taking a rifle, shot gun, pistol, field glass, etc., from the home ranch of E. R. Allred at Twin Springs, and who was arrested at Mason a few days ago, before Judge Averill today pleaded guilty as charged. He will be sentenced Friday afternoon at 2:30 o'clock. Another charge may be brought against Hanna for forgery, he having passed five checks, signing Allred's name to the same. Four of these checks he made good.

TRUANTS, TAKE WARNING

With the coming of warm weather, truancy is on the increase. Chief of Police Grant and his men are each truancy officers with power to arrest. The chief stated to the Bonanza today that his force will start at once rounding up the truants and the co-operation of parents and guardians is requested. The latter are subject to a penalty if they permit their children to remain out of school unless it can be shown that they are engaged in work and are contributing to the necessary family support.

\$40,000 THE GOAL

The Round Mountain Liberty loan committee reported last evening that \$37,800 had been subscribed. The goal is fixed at \$40,000.

CONSPIRATORS MUST PAY THE PENALTY

(Continued From Page One.)

ceded and they had been placed under such a system they would have spared no effort to escape it.

The German foreign office, embassy at Washington and consulate at San Francisco were the nerve centers of the world-wide plot to wrest India from England. Judge Van Fleet said in sentencing Franz Popp, Wilhelm von Brincken and E. H. von Schack, the heads of the consulate. Popp and Von Schack were given the maximum provided for by violated neutrality laws, two years' imprisonment and \$10,000 fine each. Von Brincken was sentenced to serve two years, this sentence to run concurrently with a similar judgment hanging over him as a result of his conviction for participation in bomb and dynamiting plots against the government of Canada.

Judge Van Fleet indicated that no action would be taken to deport the Hindu defendants in the event that they refrained from revolutionary actions after completing their prison terms.

Prompted to unusual precautions because of the tragedy of a week ago yesterday when Ram Singh, a defendant, shot and killed Ram Chandra, another defendant, and was in turn shot dead by United States Marshal Jas. B. Holohan.

United States deputy marshals yesterday searched all of the spectators for weapons. The military guard which had been in attendance throughout the trial was increased and in addition many armed secret service men, city policemen and agents of the department of justice were placed throughout the courtroom. The Hindu defendants were subjected to three separate examinations of their clothing.

"The people of this country are taking the law into their own hands, much as we may regret it," Judge Van Fleet said, in warning the Hindus not to return to their propaganda activities when they are freed from prison. "This country will not stand for any activities of this sort, directed against either herself or her allies."

The judge's statement followed a declaration by John W. Preston, United States district attorney, that the Hindus in this city still have "two presses turning out barrels and bales of seditious literature every day."

WHAT'S WHAT

(By L. L. Muehett.)

Vol. I. Tonopah, May 1 No. 43

But four days remain in which to purchase Liberty bonds. Tonopah has been thoroughly canvassed and has shown a remarkably high percentage of patriotism, but there are still a few citizens who can afford to buy bonds and the several district committees will call on them within the next 48 hours and if they still refuse to support the boys at the front, their names must be reported to the council of defense at Washington.

We need just \$13,000 more to win the honor star on our flag and it looks good to get it.

What's More

The council of defense has a line on a number of individuals who are considerably short of 100 per cent American and there does not seem to be any good reason why they should be short. Chris Dowler will have his boys in shape to drill and shoot and fight and everything, p. d. q. and Chris is a patriotic guy, which makes me think there will be some work for several squads.

HIGH SCHOOL ADDRESS

Sergeant-Major Stanelaus made a most interesting and impressive address at the high school this morning to the assembled junior and senior high school pupils. Sergeant Stanelaus speaks from first-hand knowledge of conditions in France and Belgium and has a story of the Hun that is well worth hearing—although it makes the hearer's blood boil with indignation. The high school appreciates Sergeant Stanelaus' kindness in giving of his time to address the assembly this morning and will be glad to hear him again. He will deliver an address this evening in the Airdome.

FANCY DRILL TONIGHT

The Scouts, boys and girls, have been busy preparing a fancy drill for the Boy Scout benefit to be given in the Airdome this evening. This drill will be well worth seeing and the baseball to follow will be full of excitement from start to finish. The Scouts are in need of funds for meeting the ordinary running expenses of their organizations and the work these organizations have started out to do must not be hampered by lack of necessary funds. If you cannot attend the games and the drill, you can help by buying a ticket, anyway. Buy a ticket!

WILL MOVE SOON

The 319th engineers will soon move for "over there," according to word received by the Bonanza from Private Clarence Mayes. The postcard shows the building of a bridge by the boys at Camp Freemont. The 319th engineers are now on their way from Victoria. "Pinky" Ray of Tonopah is in this regiment. Some time ago Pinky essayed to borrow a pair of officer's puttees. He was strutting along in cocky fashion when he was apprehended and hauled before the judge advocate. The sentence was thirty days in the guardhouse, but he was given the alternative of spending thirty days on circuit singing for the benefit of the loan drive. He got as far south as Portland, Ore., before being recalled to leave with the regiment for France.

SOLICITING FOR WAR WORK

Ensign George E. Guirey is here from Reno soliciting funds for the Salvation army's work in the war zone in France. He has literature showing how the army is helping with its religious services, its ambulances, its hostilities and other activities at the front. One million dollars has already been expended in this work and an effort is being made to more than duplicate this sum for future endeavors.

CLEAN-UP WARNING

All property owners and occupants are hereby notified to immediately rake up and collect all garbage and pile it where it can be easily reached by team or truck, placing the properties in neat and sanitary condition not later than May 5. Any neglect of these instructions will result in prosecution for maintaining a nuisance.

J. D. GRANT,

Chief of Police.

DR. COWDEN,

advA3012 Acting Health Officer.

Progress Bakery Bread is made in accordance with the United States food administration rules and regulations governing the manufacture of bakery products. Progress Bakery Bread is a well-flavored, tasty and appetizing loaf, made by expert bakers, and is well baked and delicious. We urge the careful use of bread; it is as good the second day as the first.

B. P. CARROLL of Pennville, Ind., who represents the large stockholders in the east of the Gold Zone Divide Mining company, arrived from his home city this morning.

MRS. JEROME HIGGINS, wife of Superintendent Higgins of the Union Amalgamated mine at Manhattan, accompanied by her son, was a passenger this morning for Los Angeles.

WALTER STARKEY and wife, Miss Clara Wilkins, Fish Lake valley; George Dugan, Hot Creek, and E. R. Allred of Twin Springs, all of Nye county, are registered at the Golden Eagle.

SOLDIERS MAY VOTE

Just as the Appeal was going to press the supreme court handed down a decision in the case of Maclean versus Brodigan and held that the law passed in 1917 by the legislature revived the law of 1899, which was repealed in 1913, and that the soldiers going from this state are entitled to vote at the state elections. —Carson Appeal.

AMUSEMENTS

SPECIAL ATTRACTION AT THE BUTLER

Absolutely one of the greatest motion pictures in the world, is "The Whirl," the big eight-reel melodrama to be shown at the Butler today, with not one star—but six; with not only one sensational scene, but scores of them. Produced on the most lavish scale imaginable—a train wreck staged for the purpose of securing one scene alone cost \$25,000—this tremendous production marks a new epoch in the history of the silent drama. This picture has been elaborated from the gigantic stage production which ran at the Drury Lane Theater, London, for three years, and in New York City for two years. In Australia it enjoyed a two year run, and was translated into other languages than English and played with huge success throughout Europe. It is an attraction of the highest possible merit and entertaining abilities, and has been well named as one of the greatest motion pictures in the world. It is a thrilling race track story. It is modern. It is about people of today. It has a "punch" in every reel. It is clean. All men, women and children with red blood in their veins will want to see it. It has everything that pleases, thrills and educates the young and old. It is the supreme offering of filmdom. The Butler's new battery of motion picture machines has been installed, by which the picture will be run through continuous—without any break between reels, thus saving considerable time in running through a long show, and the show will start half an hour earlier than usual—at 7 p. m. sharp, so the first show will be finished and out of the way before the entertainment at the Airdome starts, so you can attend both. The installment of these new machines will be a great time saver, and convenience to the public. Remember, first night show at 7 p. m. Come early and see one of the best shows you ever witnessed in your life. Admission 20c and 25c; children 11c. Do not miss it. Here one day only.

PRESENTED WITH FLAG

The Girl Scouts are happy over the gift of a beautiful American flag from Mr. Leager of the Sprague Brokerage company. They have not yet decided where they shall hoist their flag nor when but they intend to show that they are fully as patriotic as the Boy Scouts—and that will be "going some."
